Assalmou Alaikoum,

We are looking to enrich our website with a set of banner images like the one you can see at the top of the page under the Menu..

If any brother or sister have some experience with photo editing software could contribute to the website by creating similar banner with Islamic themes, then please send them to us and we will add it to the website so that when you switch between pages a new image appears instead of the current one.

The dimensions of the image must be: width = 731px ; length = 200px.

and the file extension .jpg

Many thanks.
