

## About SOTONISOC

The purpose of the Islamic Society is to provide a fulfilling religious environment on campus for students of the Muslim faith, as well as create a place for our diverse Muslim community among the greater university community and Southampton neighborhood. Our Isoc aims to enhance understanding of Islam and Muslims on campus through community service and social and academic events that engage all members of the university and other religious faiths. It is also our humble goal to help Muslims increase their faith, knowledge, and build Islamic character, Inshallah (God-willing).
